

THE PERSONAL HAND CORPORAL

A reverent way to receive the Sacred Host without touching it with your hand

Suggested Donation: \$1

(Give to an usher or deposit in the black donations box inside the main center doors.)

You are also welcome to bring your own similar cloth as a hand corporal.

USE AND CARE OF THE HAND CORPORAL

- Once the Host is placed on the corporal, **bend down and receive the Host directly on your tongue.**
- **Consume any visible particles** of the Host.
- **Fold the corporal** carefully and safeguard it reverently, such as in a breast pocket or Rosary case.
- **To clean the corporal**, soak in a bowl of water for a few minutes, and wring out the corporal into this bowl. If there are any particles of the Blessed Sacrament, they will have dissolved into the water. Pour the water directly into the ground, such as in a flower bed or other place of beauty. Launder the corporal as normal.
